CALL ON PRESIDENT WILSON

It is Understood He Will Present a

Personal Letter From Emperor Will-

Long Branch, N. J., Oct. 2 .- Count tent Wilson bere part Monday, it was announced tonight before Mr. Wilson started on his testern-trip at 8.30 o'clock. It is understood the ambas-sider will present to Mr. Wilson a personal letter from the German empersonal letter from the German emperor replying to autograph messages sent by the president to the rulers of several European nations urging that a method be agreed upon for getting relief supplies to starving people in Poland. It has been been reported that the German reply does not tend to bring about an agreement. The entente allies have taken the position that they will allow the shipment of supplies to Poland if food almay vote on the question next year." ment of supplies to Poland if food al-ready there is not shipped out or utilized by German and Austrian troops. This position has not men ps This position has not met favor from the German and Aus-

tro-Hungarian governments.
It is probable that when all the re-plies to the president's letters have been received the correspondence will The contemplated visit here of Count Von Bernstorff revived reports of possible moves for peace in Europe or of a resumption of Germany's subor of a resumption of Germany's submarine warfare. Ambassador Gerard is now on his way home from Berlin. So far as could be established here tonight, however, the coming of the German ambassador to Shadow Lawn has no connection with either of these reports.

Washington, Oct. 3.—Notification by the public health service to state health authorities of children under 16 leaving New York and Baltimore, instituted during the infantile paralysis epidemic, was discontinued today and twenty-five health officers who have been fighting the disease in New York, Baltimore and Philadelphia were with drawn. In announcing this action health service authorities let it be

OIL IS USELESS AS A

PREVENTIVE OF FOG sels Along New England Coast.

fog at sea in the vicinity of a vessel cannot be accomplished by the distribution of oil on the surface of the water. Reports of experiments along this line, as recommended by the naval hydrographic office, indicate that such distribution of oil had no notice. able effect on the fog. Four reports tro mnaval vessels along the Main and Massi chusetts coasts and on the Dela-war river show oil is useless in the diminishing or preventing fog. Off Ma-rous Hook, Pa., where there are a number of oil establishments, the U. S. S. Miliville on her trial trip ran inwater for miles around but the ship was fog-bound 12 hours.

Washington, Oct. 3.—Gold imported into the United States from January 1 to September 22 amounted to \$334,-450,000, the federal reserve board anneed today, while in the same period the exports were \$93,000,000. In the same period last year the imports exceeded the exports by \$247,171,
